

DESCRIZIONE
VASCHETTA DI RECUPERO CONDENZA SPECIFICA PER DESIGN BOX

Vaschetta di recupero condensa specificatamente studiata per la chiusura delle Design Box sospese a muro. Garantisce la completa chiusura dell'installazione e uno scarico ottimale della condensa. Completa di piletta di scarico consente l'utilizzo di tubi con diametro interno di 20 e 25 mm.

Verniciatura a polveri di poliestere, resistenza a test in nebbia salina fino ad una durata di applicazione di 500 ore. Varianti di colore nero RAL 9005 (-95), antracite RAL 7016 (-16) e bianco RAL 9002 (-71).

CODICI :

COD.	SIZE	A (mm)	B (mm)
M38-110-71/95/16	S	900	430
M38-111-71/95/16	M	1050	630
M38-112-71/95/16	L	1150	630
M38-115-71/95/16	XL/XXL/3XL	1400	630

 DESCRIPTION
CONDENSATE METAL TRAY FOR DESIGN BOX

The condensate metal tray is specifically designed for the closure of wall-mounted Design Boxes. It ensures complete closure of the installation and optimal condensate drainage.

Complete with a drain outlet diameters 20 and 25 mm allowing the connexion of pipes.

Powder-coated with polyester paint, it has resistance to salt spray testing for up to 500 hours of application.

Available in black RAL 9005 (-95), anthracite RAL 7016 (-16), and white RAL 9002 (-71).
